Under the name of Roselion,
boys be noble like rose,
be brave like lion.

Roselionの名の下に集う学徒たちよ
薔薇のごとく気高く
獅子のごとく勇猛であれ

In the very beginning, the founders believed that the key to a good economy was have a good relationships with other countries. This way, the nobles should study together to build trust and friendship without having any conflicts.
The academy philosophy is "world peace".
With a vast land, high quality equipments, traditional rules, this building with gothic architecture has bedrooms for all students.
This academy is known to gather the most rich and important heirs around the globe.
Whisper

But the reality isn't quite that.
JULIANO!
SHOSHISH

Yao Toshokan http://yao.toshokan.com

CAN'T BE HELPED IN THIS SCHOOL YOU HAVE TO SWEAR LOYALTY TO THE "ROSE" OR THE "LION"
Nowadays, the academy is divided in two factions.
The "Lion Group" and the "Rose Group"
Rose Lion
Although this division was never officialized, it's a tradition at the academy
As soon the student enters the academy he is forced to choose a group
Basicaly, one group can't talk to each other.
In the sports, events, and everything there is a rivalry between the two groups

The Rose leader is a noble called Ashley.
The lion leader is an arabian monarch called Caesar.
By the way, I belong to the Rose Group
Sigh
.. And by voting, I was choosed to be the vice president.
Kshh
I'M NOT EVEN A POLITICIAN.
THOSE IDIOTS—

Yao Toshokan http://yao.toshokan.com

Yaoi Toshokan - http://yaoitoshokan.com

I asked the gardener,
When you fell from the tree two days ago...there was a fallen nest on the ground right?
You fell because you climbed it to return the nest right?
Juliano

Because of that,
It's not it!
You ended up missing classes
That's why I thought I could find you here
But you've searched everywhere, looking for this tree
Usually when someone has a painful experience they don't tend to return where it happened
This is very noble
I never saw bravery like yours
And without thinking about the danger, you came back to help.
